

August 26, 2011

To: Executive Board

Subject: **Invitation for Bids - Facility Security Enhancements**

Recommendation

Authorize the Executive Director to issue Invitation for Bids (IFB) No. 12-020 for security enhancements at Foothill Transit's operations and maintenance facilities.

Background

Foothill Transit's security consultants URS, have concluded their assessment of agency owned facilities and have provided recommendations for enhanced security. These include:

- Removal of the existing chain link fencing on the north and east boundaries of Foothill Transit's Arcadia/Irwindale facility;
- Installation of new concrete block walls with ornamental top on the east boundary and new rail fencing and pilasters on the north boundary of the facility;
- Removal of existing Italian Cypress trees to facilitate construction of the new wall and replacement of these with 20-foot tall Cypress trees.

These constitute the only recommendations from URS that involve any Civil Engineering work at any of Foothill Transit's facilities.

Fiscal Impact

Required funding is included in Foothill Transit's approved FY 2012 budget.

Sincerely,

Roland Cordero
Director of Facilities

Doran J. Barnes
Executive Director
